

Sunny Kumar

Full Stack Developer

sunny887733gupta@gmail.com | 9546661632 | LinkedIn | GitHub | LeetCode

Summary

B.Tech CSE (AI & ML) student with hands-on experience in full-stack web development using React.js, JavaScript, Node.js, Express.js, and MongoDB. Experienced in building responsive interfaces, REST APIs, JWT authentication, and database-driven applications. Seeking an entry-level Full Stack Developer role.

Education

Oriental Institute of Science and Technology , B.Tech in Computer Science and Engineering (AI & ML)	Bhopal, M.P. (2023 – 2027)
Samastipur College , 12th	Samastipur, Bihar (2023)
• Percentage: 77%	
St Paul Secondary School , 10th	Samastipur, Bihar (2021)
• Percentage: 77.6%	

Technical Skills

Languages: Java, JavaScript
Frontend: HTML5, CSS3, JavaScript (ES6+), React.js, Responsive Web Design
Backend: Node.js, Express.js, REST APIs
Database: MongoDB, MySQL
Tools & Platforms: Git, GitHub, VS Code, IntelliJ IDEA, Postman, Render, Vercel, Netlify
Core Fundamentals: Data Structures & Algorithms, OOPS, DBMS, Operating Systems

Projects

InterviewPath AI - AI-powered personalized interview platform Link
- Developed a full-stack AI-powered personalized interview platform using React.js, Node.js, Express.js, and MongoDB. - Integrated Gemini AI to generate personalized domain-specific, technical, HR and project-based interview questions. - Implemented JWT authentication, AI resume analysis, personalized interview questions, and AI-driven feedback based on candidate skills and roles. - Built secure REST APIs for frontend-backend communication and deployed the application using Vercel and Render.
ExpenseFlow – Personal Finance Manager Link
- Developed a full-stack personal finance application using React.js, Node.js, Express.js, and MongoDB for managing income, expenses, budgets, recurring payments, and transactions. - Implemented JWT-based authentication and REST APIs for secure user authentication and financial data processing. - Implemented expense analytics and summaries to help users understand their spending patterns.
Digital Seva Kendra Portal Link
- Developed a digital cyber café portal for online service requests and document submission. - Implemented online document and payment receipt submission without visiting a physical center. - Built an admin dashboard for service request, document, and payment verification. - Integrated WhatsApp communication and responsive UI to improve accessibility and user experience.

Publications

- Published research paper, “Expense Tracker Application” — IJIRCCE, Vol. 14, Issue 1, January 2026

Certificates

Programming in Java: NPTEL	Jan – Apr 2026
MySQL Essential Training: LinkedIn Learning	May 2026
